Your responses to consultation questions on the draft proposed guidance

<p>1. Has the proposed guidance been expressed clearly?</p>	<p>Yes</p>
<p>2. Does the revised guidance adequately address the concerns raised by stakeholders, that the published (postponed) guidance would inhibit or impact patient access to compounded parenteral medicines?</p>	<p>Yes</p>
<p>3. Does the revised guidance support patient safety when supplying compounded parenteral (sterile injectable) medicines?</p>	<p>Yes</p>
<p>4. Do you have any suggestions for questions to be included in the Board's FAQ for pharmacists on the compounding of medicines, to support pharmacists in their understanding and application of this guidance?</p>	<p>No</p>
<p>5. Do you have any suggestions on how the proposed guidance could be improved (e.g. any content that should be changed, added or deleted), while still being in accordance with the public interest?</p>	<p>No, not at this stage</p>
<p>6. Do you have any other comments on the proposed guidance?</p>	<p>Having previously sent in submissions and attended the meeting in Sydney with The Pharmacy Board and TGA, I would like to commend members of both organisations for the consultative process undertaken with stakeholders, as it is clear from the content of the new Guidelines that our comments</p>

	were taken seriously and acted upon with the interests of both the patients and Pharmacy profession alike.
